

REXCEL JAY A. LUSICA

FULL STACK DEVELOPER | ASPIRING SOFTWARE DEVELOPER

Davao Region, Philippines | 09067898243 | lusicarexceljay@gmail.com | rexceljaylusica.vercel.app | <https://github.com/rexssdd>

OBJECTIVE

Aspiring Full-Stack Developer with hands-on internship experience in a corporate telecommunications environment, seeking to apply my programming and software development skills, contribute to impactful projects, and continue growing my technical expertise and teamwork through professional opportunities.

WORK EXPERIENCE

Globe Telecom Inc. — Broadband (BB) Team

July 20 – August 17, 2026

Data Analyst / Full-Stack Developer (On-the-Job Training)

- Developed the Globe Davao Technician Territory Map (Google Apps Script, Leaflet.js) visualizing technician coverage across Davao North and South, assigned directly by supervisor Sir Michael Pagsugiron.
- Processed Excel-based technician roster data using point-in-polygon barangay matching against PSA GeoJSON boundaries to assign technicians to service territory groups (ST1–ST6 North, ST-S1–ST-S6 South).
- Built convex hull territory visualizations with outlier trimming, role-based URL routing, multi-admin session authentication, and Google Drive photo proxying.
- Received project turnover and mentorship from senior SKSU interns on core Globe systems (NAP Dash National, DLPC, Compiler, Extractor, Aging, Call Validations), collaborating closely with fellow UM interns.
- Contributed to DLPC and NAP Dash National, gaining exposure to enterprise data workflows, code review practices, and cross-regional coordination in a professional telecommunications environment.

EDUCATION

University of Mindanao (Main Campus)

2026 – Present

Bachelor of Science in Computer Science

Maria Christina P. Belcar Agricultural High School

2017 – 2023

General Academic Strand

SKILLS

- Languages: JavaScript, PHP, Java, HTML5, CSS3
- Frameworks & Tools: React, Vite, Laravel, Bootstrap, TailwindCSS, REST APIs
- Databases: MySQL, Supabase (PostgreSQL), Firebase
- Dev Tools: Git, GitHub, VS Code, XAMPP, Postman, Google App script
- Design: Figma, UI/UX Wireframing
- Soft Skills: Problem-Solving, Leadership, Team Collaboration, Adaptability

PROJECTS

High School Management System (MCPBAHS) | Laravel · React · MySQL

Project Manager/Developer

- Led full-stack development of a multi-role school management platform covering enrollment, grading, faculty records, and announcement modules for DevDynamos.
- Designed REST API backend with Laravel, implemented role-based access (admin, teacher, registrar, principal), and built React/Vite frontend with notification system.

Water Refilling Station POS System | Laravel · MySQL

Full Stack Developer

- Built a complete point-of-sale system for water refilling businesses with inventory tracking, sales reporting, and customer management features.

Banana Plantation Simulation | PHP · MySQL · JavaScript

Full Stack Developer

- Simulated plantation operations and yield forecasting with interactive data visualisation and growth cycle modelling.

SEMINARS AND TRAININGS

Internship Seminars

June 2026

- Office Etiquette, Work Ethics, Gender & Sexual Harassment Awareness, Mental Hygiene

Industry Integrations

Sept 2025

- Software Quality Assurance in Modern Practice

Git and GitHub Workshop

June 2026

- Version control, branching strategies, collaboration workflows, and pull requests.

JavaScript Workshop

June 2026

- JavaScript fundamentals, ES6+ features, DOM manipulation, and asynchronous programming.

CERTIFICATIONS

- IT Specialist – Databases | Certiport / Microsoft | 2025 — 2030
- IT Specialist – Cybersecurity | Certiport / Microsoft | 2026 — 2031
