

REXCEL JAY A. LUSICA

FULL STACK DEVELOPER | SOFTWARE DEVELOPER

Davao Region, Philippines • 09067898243 • lusicarexceljay@gmail.com • [Portfolio](#) • [GitHub](#)

Full-stack developer and software engineering student with hands-on experience in web systems development, database design, and backend architecture through academic and real-world team projects. Skilled in React, Laravel, PHP, Java, and MySQL, with a focus on building scalable, maintainable solutions for practical problems.

EDUCATION

University of Mindanao (Main Campus)

2026 – Present

Bachelor of Science in Computer Science

Maria Christina P. Belcar Agricultural High School

2017 – 2023

General Academic Strand

SKILLS

- **Languages:** JavaScript, PHP, Java, HTML5, CSS3
- **Frameworks & Tools:** React, Vite, Laravel, Bootstrap, TailwindCSS, REST APIs
- **Databases:** MySQL, Supabase (PostgreSQL), Firebase
- **Dev Tools:** Git, GitHub, VS Code, XAMPP, Postman
- **Design:** Figma, UI/UX Wireframing
- **Soft Skills:** Problem-Solving, Leadership, Team Collaboration, Adaptability

PROJECTS

High School Management System (MCPBAHS) | Laravel · React · Supabase PostgreSQL

Project Manager / Full Stack Developer

- Led full-stack development of a multi-role school management platform (enrollment, grading, faculty records, announcements) for DevDynamos.
- Architected REST API backend with role-based access (Admin, Principal, Teacher, Registrar, Parent), OTP auth, and real-time notification system.

Inventory Management System | Laravel · React · MySQL

Full Stack Developer

- Built an inventory tracking system with product cataloguing, stock-level monitoring, purchase order management, and automated low-stock alerts.
- Designed role-based React dashboards with REST API integration for real-time inventory updates and exportable reports.

Hospital Management System | Laravel · React · MySQL

Full Stack Developer

- Developed a hospital operations platform covering patient registration, appointment scheduling, doctor management, and medical records.
- Implemented multi-role access (Admin, Doctor, Nurse, Receptionist) with secure authentication, billing records, and prescription tracking.

Water Refilling Station POS System | Laravel · MySQL

Full Stack Developer

- Built a complete POS system for water refilling businesses with inventory tracking, sales reporting, container return cycles, and customer management.

SEMINARS AND TRAININGS

Internship Seminars

June 2026

- Office Etiquette, Work Ethics, Gender & Sexual Harassment Awareness, Mental Hygiene

Industry Integrations

Sept 2025

- Software Quality Assurance in Modern Practice

CERTIFICATIONS

- IT Specialist – Databases | Certiport (Pearson VUE) | October 2025 — 2030
- IT Specialist – Cybersecurity | Certiport (Pearson VUE) | 2026 — 2031
